

The Realtor Launch Kit

Everything you need to look established from day one — custom-built around your brand and delivered in 2 business days.

\$497 one-time • Yours to keep forever

What's Inside Your Kit

Six custom-branded assets, every one designed around your colors, headshot, neighborhoods, and voice.

30 Social Media Templates

Just listed, just sold, market updates, neighborhood spotlights, meet-your-agent, and more — all custom-designed for your brand.

4 Personalized Market Reports

Branded PDFs covering your target neighborhoods with real market data. Ready-made lead magnets.

Branded Buyer's Guide

A polished first-time-buyer guide in your colors, your photo, your bio. A lead magnet that converts.

Branded Seller's Guide

Pre-listing seller education that builds trust before you ever sit down.

Listing Presentation Deck

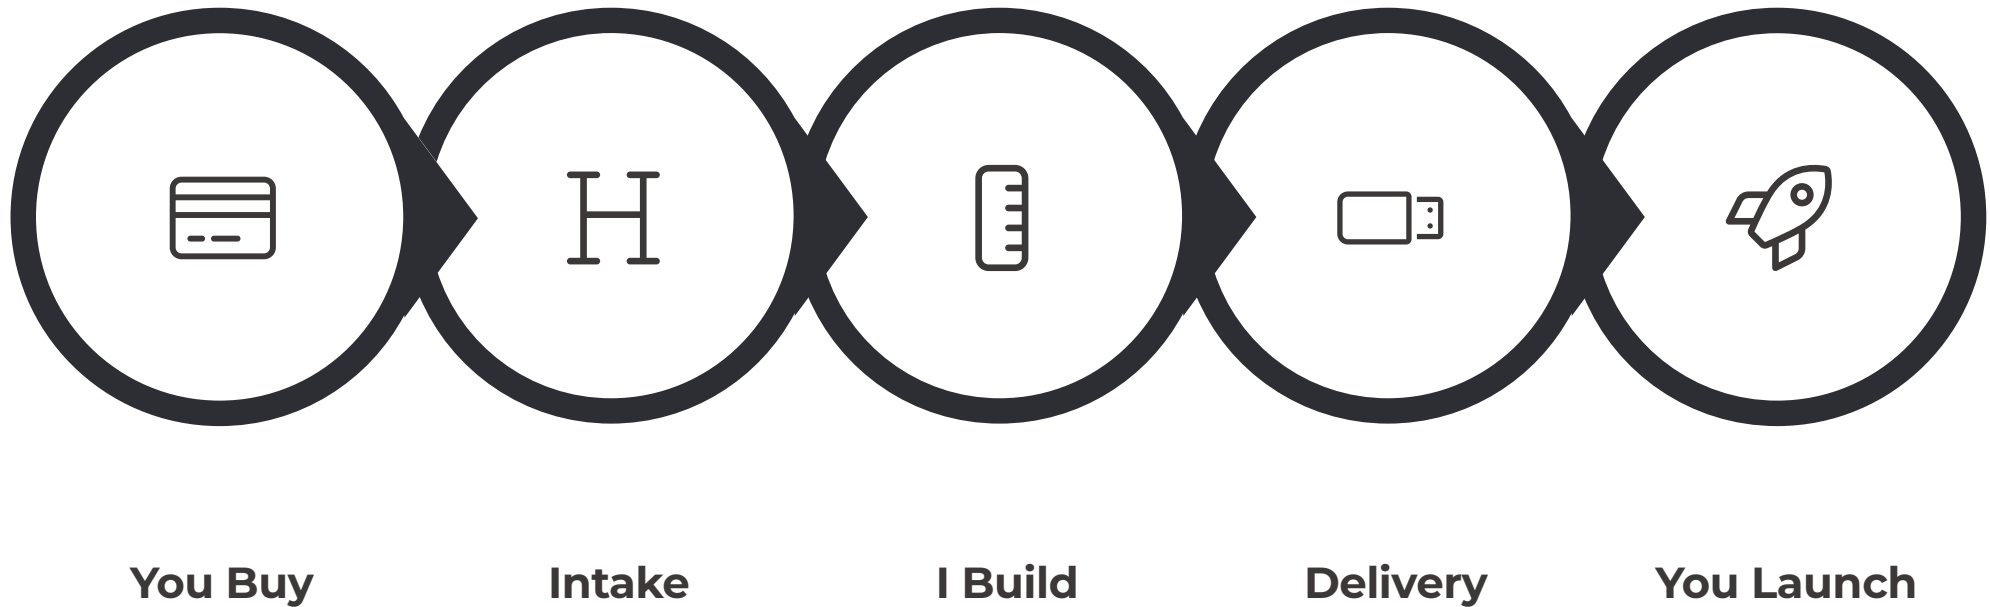

A refined seller pitch deck, customized to your brand, ready to walk into any listing appointment.

Home Valuation Lead Magnet

A branded landing page and PDF built to capture seller leads.

How It Works

A simple, white-glove process from purchase to launch.

From purchase to polished, delivered assets in 2 business days — with editable Canva files that are yours to keep and customize forever.

About These Samples

The pieces alongside this preview show the quality you can expect: a set of social posts, a full market report, and a complete listing presentation.

Each one was crafted for a fictional agent so you can see the polish — yours will carry your brand, your colors, and your story.

Social Posts

A full set of branded templates across every post type.

Market Report

A complete neighborhood PDF with real data and your branding.

Listing Presentation

A polished deck ready for any seller appointment.
